

# HELSEPARKEN ONSØYHEIMEN

## HELSEPARKEN ONSØYHEIMEN

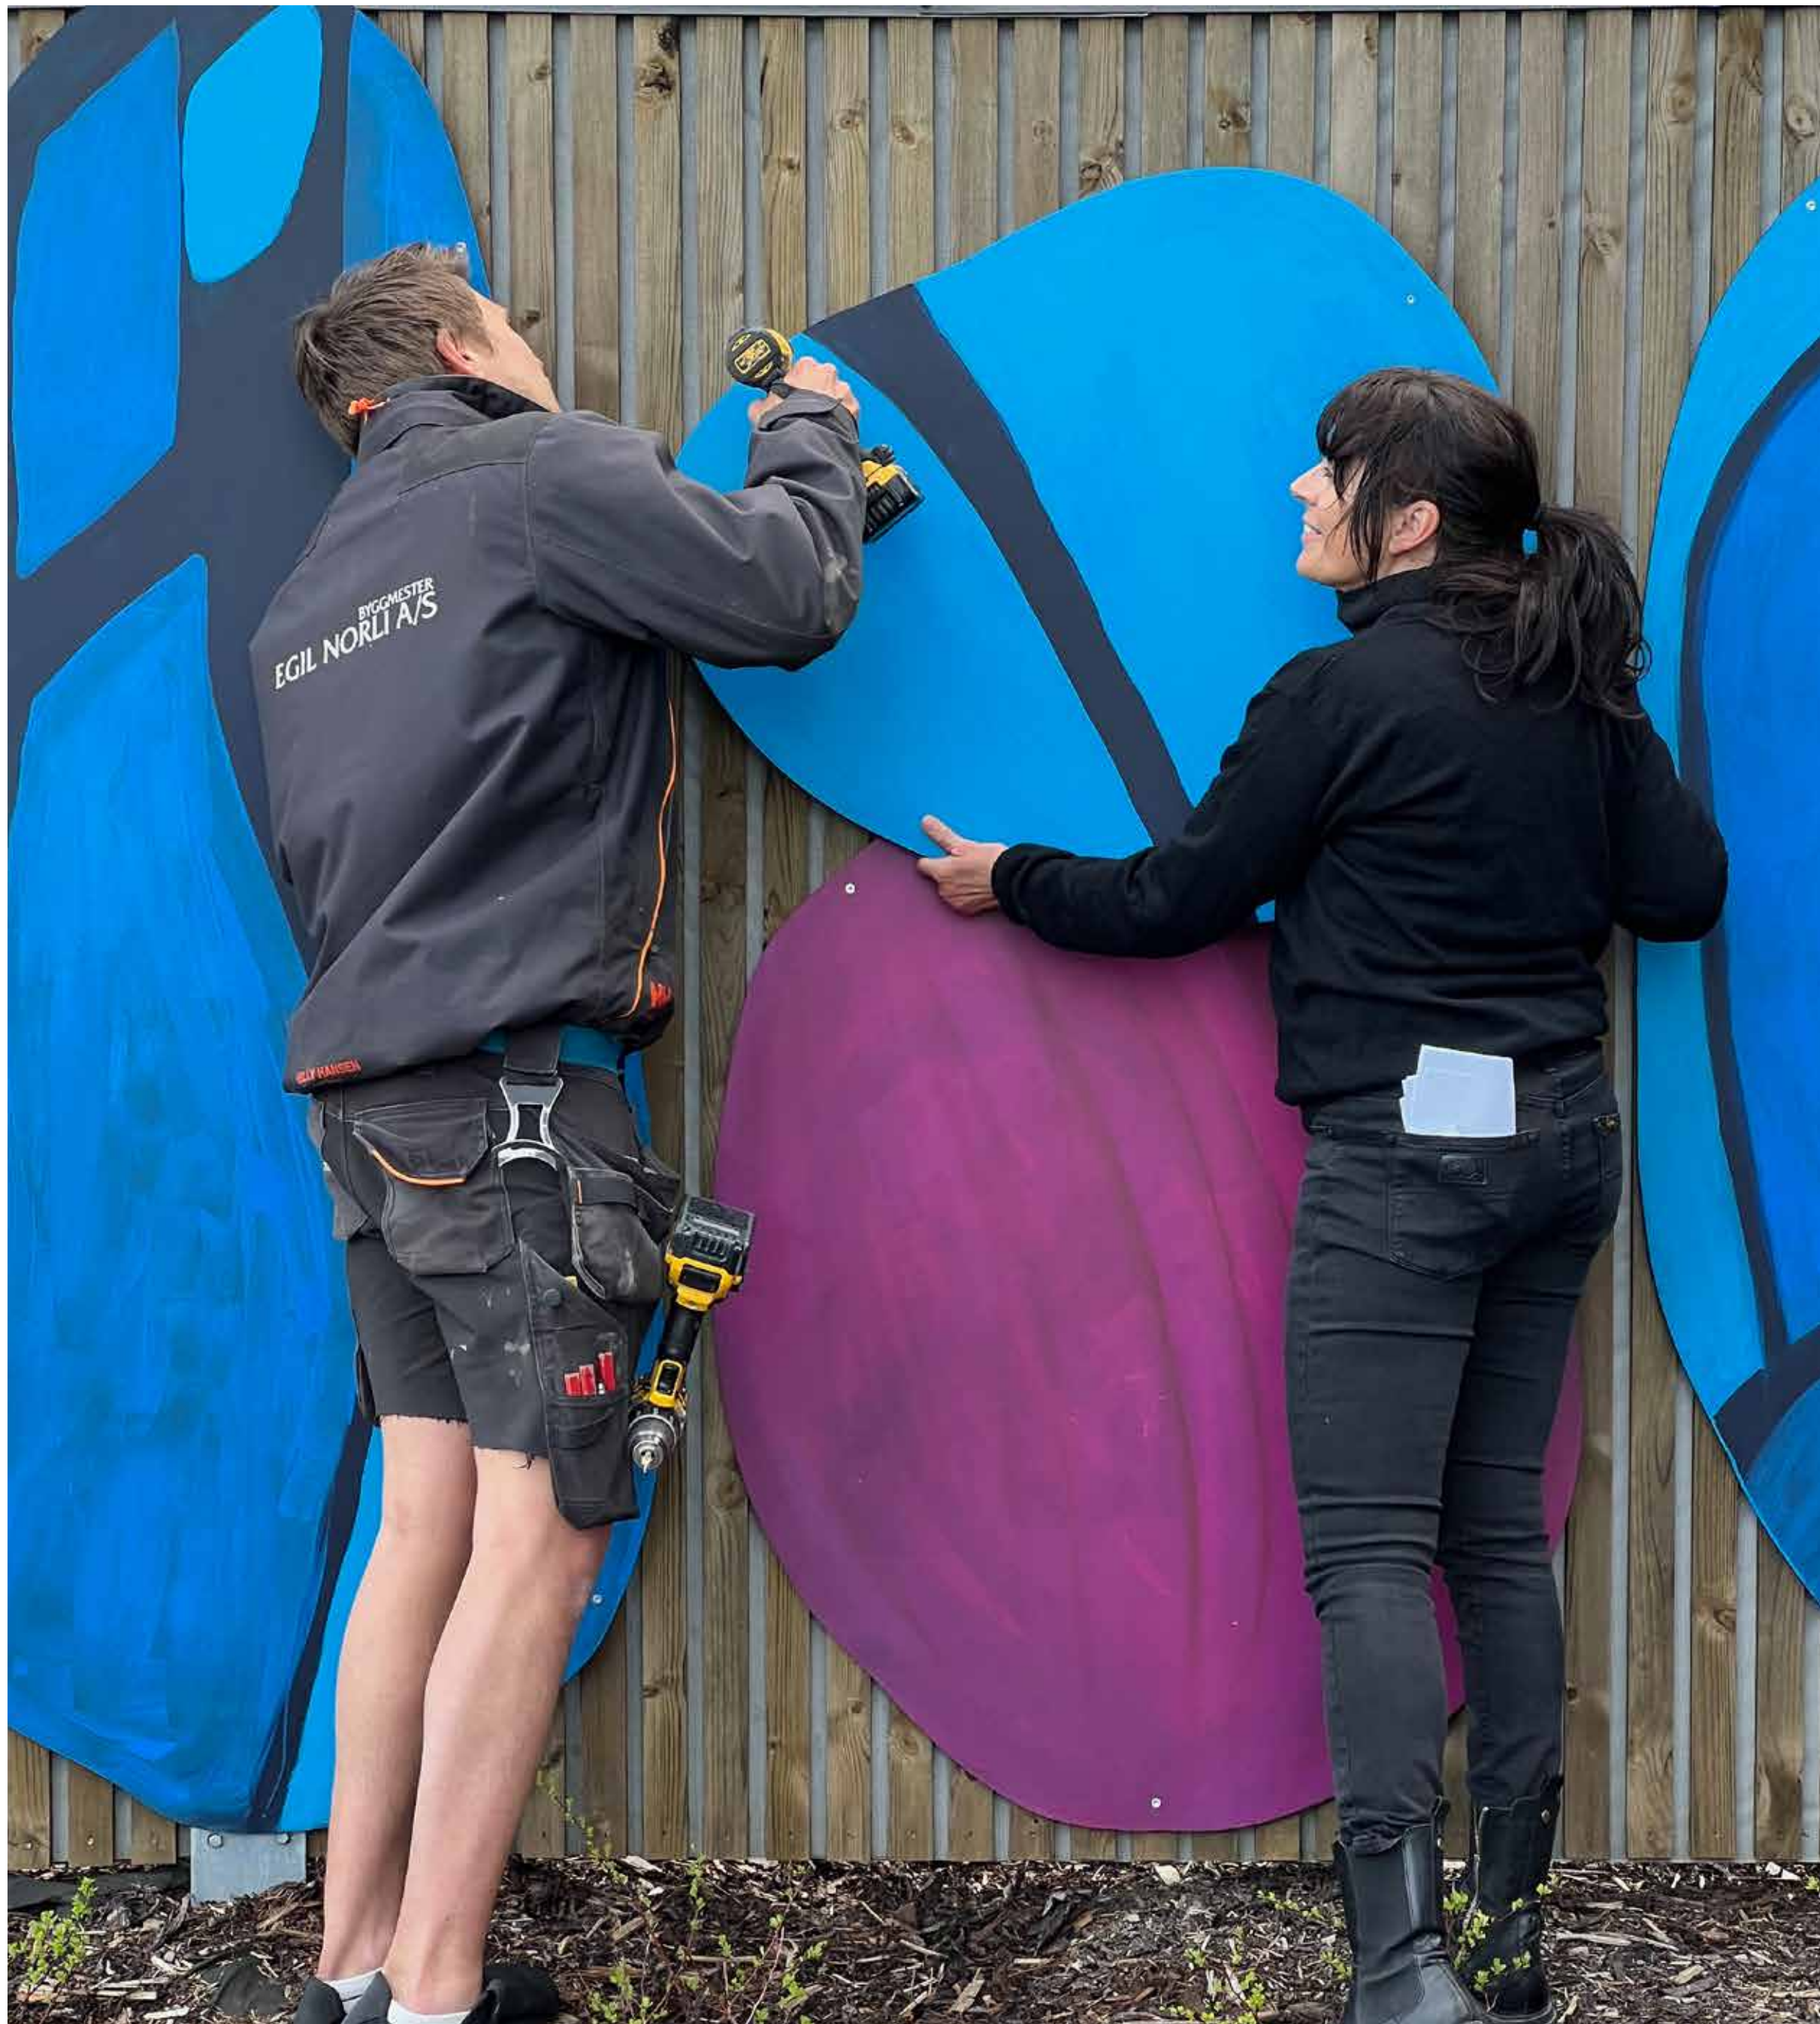

Geographically, Onsøyheimen is located at the entrance to Fredrikstad, surrounded by the Onsøy and Hvaler archipelagos. Many of Onsøyheimen's residents and their families have a deep connection to the sea and our beautiful coastline.

The fence, which is visible from the road, will be adorned with a link to the sea and the archipelago, intended to bring joy to both the residents of Onsøyheimen and passersby. I've drawn inspiration from the many beautiful stones and rocky shores along our coast, where smooth, rounded shapes lie layered and side by side.

Onsøyheimen's clean architectural design, dominated by beige tones, will meet a contrasting artistic expression – a decoration that fosters a sense of belonging and joy.

# THE PROCESS
